Local Foods Lunch, Displays, Conversation

What to bring:

- Display or handouts to share -- about peace & justice or sustainable living practices happening in your church, home, or community; or
- Local food to share; and also
- Your own table service (plate, cup, fork,...);
- But most of all ... come, look, listen, taste, and share our fellowship -- even if you can't bring anything else to share.

We'll supply beverages and some hearty locally-grown food to sample.
(We'll also have some compostable tableware on hand if you forget to bring yours.)
